Testimonials

Aodh O'Donnell, MD, O'Donnell Furniture

“The programme gave us a wonderful opportunity to work as a team on both strategic and operational challenges. We also got to meet other leadership teams and exchange real practical tasks in a proactive, positive environment. All through the programme, we were challenged by our business growth advisor and lecturers to stretch beyond the obvious solutions. We would highly recommend the programme to growth minded SMEs”.

James Simpson, Financial Controller, Blenders

“The management team were focused on operations and an impending factory move so more time was needed for strategic planning. This programme was used to focus on how we approach our business. We made time both in modules and back in the office to maximise the benefit of this programme. We have now completed our restructuring and we are in the process of rolling out an ambitious strategic plan”.

Tony Cassidy, CEO, Vertice

“This programme helped the Vertice team affirm our growth plans and develop the confidence and capability of our senior managers. The experience has also strengthened our own relationship with Enterprise Ireland as we realise our ambitions”.
